CITY CLERK
2009 NOV 30 A 11:08

Greetings Mr. James W Erbeck,

In response to the complaint for disciplinary action filed against Admistca, Inc. we will be contesting all charges with the exception of the notice of violation for failing to maintain an up-to-date employee list.

We strongly believe that the complaint filed against my company fails to address the real problems in the neighborhood, and instead the city is using Admistca as a way to set an example to other businesses. We will prove that we acted as per our agreements with the city, and that such a severe punishment imposed on Paradise Lounge was not justifiable.

My attorney Cory Jones will no longer represent me in this particular case, as he has to be in Chicago that December 2nd, 2009. Therefore I will represent myself.

Respectuly yours,

William Jacobs
